IN THE MATTER OF  
DISCIPLINARY PROCEEDINGS AGAINST

PAUL GOCHIS, M.D.,

Respondent

ORDER GRANTING THE STAY

On February 22, 1996, the Medical Examining Board issued its Final Decision and Order in the above-captioned matter. By the terms of the board's order, respondent's license to practice medicine and surgery in Wisconsin suspended for a period of not less than five years with provision for granting successive three-month stays of the suspension upon submission to the board of proof satisfactory to the board that Dr. Gochis has continued his sobriety, that he has continued to successfully participate in a treatment and rehabilitation program satisfactory to the board, and that he is able to safely and reliably practice as a physician and surgeon.

At its meeting of October 24, 1996, the board considered Dr. Gochis' request, through his attorney, Michael Schaalman, that he be granted a stay of the suspension. Also considered was a letter dated August 29, 1996, from Dr. Charles J. Engel, of the Professional Recovery Network, reporting on Dr. Gochis' progress in recovery. The board granted the request and, by its Order dated November 5, 1996, stayed the suspension of the license for a period of three months.

By letter dated January 24, 1997, Dr. Gochis petitioned for an additional three month stay of suspension, and petitioned as well for a reduction in the number of urine screens to one per week and the number of therapy sessions to one every two weeks. That petition was supported by Dr. Engel.

Dr. Gochis appeared before the board on February 26, 1997, in support of his petition, and the board considered the matter on that date. Based upon the petition and other information of record herein, the board orders as follows:

ORDER

NOW, THEREFORE, IT IS ORDERED that the suspension of the license of Paul Gochis, M.D., be, and hereby is, stayed for a period of three months. Dr. Gochis may petition for additional three month stays of the suspension upon submission to the board of evidence of

having fully complied with the conditions and limitations set forth in the board's Final Decision and Order dated February 22, 1996, during the preceding three month period.

IT IS FURTHER ORDERED that paragraph 2 of the board's February 22, 1996, Order in this matter is amended to read as follows:

2. Respondent shall continue participation in all components of a drug and alcohol treatment program at a treatment facility acceptable to the Board as his or her Supervising Health Care Provider shall determine to be appropriate for his or her rehabilitation. Professional Recovery Network and its affiliated programs are acceptable treatment programs.

Therapy. The rehabilitation program shall include and respondent shall participate in individual and/or group therapy sessions for the first year of the stayed suspension on a schedule as recommended by the supervising physician or therapist, but not less than once every two weeks. Such therapy shall be conducted by the supervising physician or therapist, or another qualified physician or therapist as designated by the supervising physician or therapist and acceptable to the board. After the first year of stayed suspension, this requirement for therapy sessions may be modified only upon written petition, and the written recommendation by the supervising physician or therapist expressly supporting the modifications sought. A denial of such petition for modification shall not be deemed a denial of the license under secs. 227.01 (3) or 227.42, Stats., or ch. RL 1, Code, and shall not be subject to any right to further hearings or appeal.

AA/NA meetings. Respondent shall attend Narcotics Anonymous or Alcoholics Anonymous or an equivalent program for recovering professionals upon a frequency as recommended by the supervising physician or therapist, but not less than one meeting per week. Attendance of respondent at such meetings shall be verified and reported monthly to the supervising physician or therapist.

IT IS FURTHER ORDERED that paragraph 9 of the board's February 22, 1996, Order in this matter is amended to read as follows:

9. Respondent shall supply on at least once weekly basis random monitored urine, blood or hair specimens as the supervising health care provider shall direct. The supervising health care provider (or his or her designee) shall request the specimens from respondent and these requests shall be random with respect to the hour of the day and the day of the week. In addition, the Medical Examining Board or its designee may at any time request a random monitored urine, blood or hair specimen from respondent by directing the department monitor in the Department of Regulation and Licensing, Division of Enforcement to contact respondent and request respondent provide a specimen. To prevent the respondent's ability to predict that no further screens will be required for a given period (because the minimum frequency for that period has been met), the program of monitoring shall require respondent to provide in each quarter at least two (2) random screening in excess of the minimum specified in this Order.

IT IS FURTHER ORDERED that all other terms and conditions of the board's February 22, 1996, Order shall remain in full force and effect.

IT IS FURTHER ORDERED that respondent shall appear before the board in February, 1998.

Dated this 12th day of March, 1997.
